### RECORD OF INVESTIGATION.

#### REPORT ON TROUBLE BETWEEN OWNER OF DONG YUAN COAL HONG (同元煤行) AND FORMER EMPLOYEES.

At 5.40p.m. 12-9-32 a telephone message was received from 349 Ningpo Road to the effect that a number of persons were causing trouble there.

The undersigned, S/I Moffat, C.D.S. 60 and a party of Police attended but no signs of any trouble was noticeable on arrival, though a number of coolies were congregated on the pavement outside of Ningpo Road Electric Sub-Station arguing with the informant in this case.

The persons 15 in number were taken to the Station for interrogation.

From enquiries made by C.D.S. 60 and the undersigned it was ascertained that the informant in this case named Kyng Zung Z (金仁楚) residing 2140 Avenue Haig is the owner of the Dong Yuan Coal Hong, Footung, and the Dah Yuan Wharfage Contractors having offices at 349 Ningpo Road. It was further ascertained that about June 1930 complainant opened a Coal-yard in Footung for the making of briquettes, and employed 26 coolies to work for him. On the 15th March 1932 complainant had to close down his Coal-yard owing to lack of support and business. He further stated that prior to closing he dismissed the coolies and told them that he would be coming back to the coal-yard.

### RECORD OF INVESTIGATION.

would give them first choice of employment. This they agreed to but on the 1st June 1932 a deputation came to his office and stated that since they had been unemployed, they had had very little to eat and consequently they wanted their old master to assist them to this request he acquiesced and accordingly gave them \$297.00 to share among themselves for food. This they accordingly did but again on this date a deputation of twelve came to see complainant again at his offices on Ningpo Road and asked him to pay them five months money. This request he refused to grant but offered to pay them three months wages each. The dismissed workers refused to accept this offer because the master wished them to refund the \$297.00 and they were not willing to do this, and accordingly they began to press their demand in loud tones. A number of them were brought to the Station and questioned whether any outside influences were being brought to bear on them in order to cause continued trouble for their former employer, but this was denied by the former No.1 Coolie Lee Yee Piau (李雨樑) residing Footung. After the whole situation was thoroughly explained that their former employer was not obliged to pay them any money as no agreement to this effect was made between the parties concerned they decided to accept his offer of 3 months wages and to refund the \$297.00 already paid them. Parties concerned then left the station.

Louza Station,

REPORT

Date 1st July. 19 32.

Subject (in full) Students collecting money

Made by D.S. Smith

Forwarded by

Sir:

At 1.50 p.m. 30-6-32, F.P.S. Berthel brought to the Station two students of the Tsung Fah College and China College named Tseu Ching (周瑾) and Tsang Tsoong (張中) respectively, whom he found collecting money in bamboo receptacles on Nanking Road near Chekiang Road, for the support of the North Eastern Volunteer Army.

In accordance with general instructions issued on the 28-6-32 the above named person's collecting boxes were sealed in their presence, and the men allowed to depart after they had been given a stern verbal **WARNING**.

The above boxes are the only two that have been brought to this Station up to 3.a.m. 1-7 32. With the boxes a small flag was seized an inscription on it indicating that the students were members of an association opposing the the cessation of Anti-Japanese Hostility.

23rd June,

32.

FIFTY WORKERS OF THE AN LOH COTTON WEAVING  
COMPANY 435 NANKING ROAD, REFUSING TO LEAVE  
THE PREMISES.

At 10.a.m. 23-6-32, the attached letter was received at this Station regarding the above.

From enquiries made by C.D.S.80 and D.S.Logan, it was learned that 50 employees of the above Company, formerly employed at the Company's factory on Yochow Road, whose contract with the Company expired in December, 1931, walked into the Company's shop at 435 Nanking Road, and demanded compensation for the period January to June, during which time they were unemployed due to the factory having ceased to function. Compensation was refused and they thereupon refused to leave the premises. It appears that the above Company is in financial difficulty and in consequence engaged Dr. John C.H. Wu as liquidator. Mr. Ao Sen ( ) attorney at law, 72 Szechuen Road, was engaged by the above Company to negotiate with the workers, and on his instructions they were ordered to leave 435 Nanking Road at 12.m.d. this date. By 12.30 p.m., they left the premises without incident and proceeded to the factory on Yochow Road, Wayside and passed through C.C.R.

**SHANGHAI TELEPHONE COMPANY'S EMPLOYEES  
STRIKE - FOREIGN ROAD EXCHANGE.**

According to Mr. Wilson of the Foreign Road Exchange, 130 strikers of the Installation Department and 41 strikers of the Maintenance Subscribers Department of the above Company resumed work unconditionally on June 18 and more are expected to resume June 20.

It is reported that several members of the Strike Committee have engaged Room No. 166 of the Yeh Chow Hotel (亞細亞) 266 Hankow Road.

The following two reports of telephone cables being cut or otherwise damaged were received on June 18.

1. On the morning of June 18, it was found that a telephone terminal had been removed and a cable cut in the Ting Foong Li (丁福里) Hankow Road thereby disconnecting 18 lines. The terminal and cable are located about 15 feet from the ground, access to which was gained by use of a ladder which is kept in the alleyway. Inquiries were made in the vicinity but no useful information was obtained.

2. On the morning of June 18, a telephone cable was found to be cut in the Doo Ts Li (陶泰里) Hankow Road thereby disconnecting 16 lines. This cable is located about 15 feet from the ground access to which was gained by piling up a number of packing cases which are in the

## RECORD OF INVESTIGATION.

Shanghai Telephone Company's Employees  
Strike - Pukien Road Exchange.

There is no change in the strike situation of the above Company.

Five reports of telephone cables being found out or otherwise interfered with were received at this Station on June 16th, 1932 as under.

1. On the morning of June 16, a wire nail was found driven through a telephone cable in the Tong Sung Li Alleyway (东昇里), Chekiang Road thereby disconnecting 80 lines. In this case the nail was driven in the cable at a point about 10 feet from the ground access to which was obtained by climbing the iron gate at the mouth of the alleyway.
2. At 9.55 a.m. June 16, a telephone cable was found out in the Foh Tsong Li alleyway (福昌里), Hunan Road, and 14 lines disconnected. Inquiries show that this cable was cut at a point about 8 feet from the ground, the culprit gaining his objective by climbing some wooden slats to which an advertisement board had been affixed near the entrance to the alleyway.
3. About 2.35 p.m. June 16, a telephone cable situated about one yard inside the entrance of the Ning Ching Li alleyway (民庆里), Kiang Road was found cut and 40 lines disconnected. This cable was cut at a

### RECORD OF INVESTIGATION.

point some 10 feet from the ground access being gained by the use of a bamboo ladder which is the property of a nearby food shop and usually left in the alleyway.

4. During the forenoon of June 16, two wire nails were found driven into a telephone cable at a point about 9 feet from the ground in the Tung An Li alleyway (同安里), Hankow Road thereby disconnecting 15 lines. As in the first mentioned case access was gained to the cable by climbing the iron gate of the alleyway.

5. On the forenoon of June 16, a telephone cable was found out at a point about 8 feet from the ground, in the Ming Yih Li alleyway (明德里), Kinkiang Road. The number of lines disconnected is unknown. Access was gained to the cable by standing on a nearby staircase. Repairs to all the above cables have been effected. Inquiries indicate that this damage is caused during the hours of darkness when the alleyways in question are deserted and because of this it has been found impossible, so far, to get a description of the persons responsible.

Plain clothes men and detectives continue to patrol the area affected.
